Glimpses

CA. Charanjot Singh Nanda, *President, ICAI*

The world's enterprises are no longer looking at India — they are building from India. Global Capability Centres have become the nerve centres of innovation, risk intelligence, and strategic finance. Chartered Accountants are leading this shift with precision and purpose — redefining global benchmarks for trust, transparency, and transformation.

Chief Guest: Shri Kalvakuntla Taraka Rama Rao (KTR) *Former Minister, Government of Telangana*

The story of India's GCCs is not just about business growth; it is about building a new identity for India on the world stage — one defined by trust, capability, and leadership. Our professionals are demonstrating that excellence is not defined by geography but by mindset. As India continues to evolve as a knowledge economy, Chartered Accountants will remain at the heart of every transformation — guiding decisions, ensuring transparency, and driving global impact.

CA. Sanjib Sanghi

Convener – Group to Promote India as Accounting GCC

From number crunchers to global architects, Chartered Accountants are no longer confined to ledgers and balance sheets. They are strategic thinkers, innovators, and change-makers leading India's transformation on the world stage. As India becomes the youngest and fastest-growing economy, the Institute of Chartered Accountants of India stands poised to make our nation the accountant for the entire world — where insight becomes foresight, numbers become strategy, and every Chartered Accountant becomes a global leader.

“

CA. Abhay Chhajer

Deputy Convener – Group to Promote India as Accounting GCC

From ledgers to global leadership, the GCC Summit embodies ICAI's vision of creating meaningful opportunities, fostering international collaboration, and empowering chartered accountants to excel and lead on the global stage—driving innovation, shaping the future of financial services, and positioning India as a hub of world-class talent and expertise.

“

CA. Sridhar Muppala

Program Director, GCC Summit 2025

GCCs in India have transformed from back-office operations to strategic centers driving global financial decisions. By 2030, with tier two and tier three cities joining the growth journey, Indian chartered accountants will be at the forefront—empowered by technology, infrastructure, and expertise—to lead the world in finance and capability.

“

CA. Dayaniwas Sharma

Program Director, GCC Summit 2025

Trust, technology, and talent – these are the pillars that define India's legacy in the global GCC ecosystem. From empowering chartered accountants with cutting-edge skills to setting benchmarks in technology adoption, ICAI continues to lead, innovate, and inspire the world.

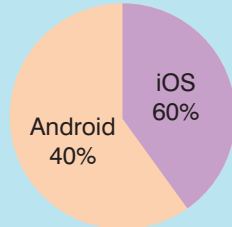

App Report

The ICAI GCC Summit 2025 Mobile app, published on both Android & iOS Platforms, was very well received and utilized by many of our attendees. We aimed to enhance the overall event experience by integrating advanced features to streamline operations and improve attendee engagement. Here are some metrics to overview the performance of the app.

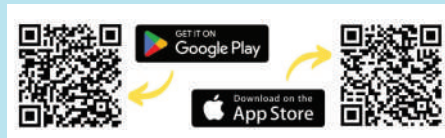

App Downloads

Total: 135+
Android: 55+
iOS: 80+

105+ Logins (of 550+ Delegates, 20% Users)
35+ Chats Started
30+ Meetings Scheduled

55+ App Profile Fill-ups
35+ Business Cards Shared
170+ AI Search Queries

Thank you for trusting us with the opportunity to enhance the ICAI 3rd GCC Summit Event with our mobile app. We look forward to continuing to work together for future events and make them even more successful!

LinkedIn Page Report
